## Low Back Pain and Disability Questionnaire (Revised Oswestry)

Patient Name:	Date:	Score:

This questionnaire has been designed to give the doctor information as to how your back pain has affected your ability to manage everyday life. Please answer every section and circle the ONE choice that most closely describes your problem right now.

<ul> <li>SECTION 1 – PAIN INTENSITY</li> <li>A - The pain comes and goes and is very mild.</li> <li>B - The pain is mild and does not vary much.</li> <li>C - The pain comes and goes and is moderate.</li> <li>D - The pain is moderate and does not vary much.</li> <li>E - The pain comes and goes and is very severe.</li> </ul>	SECTION 6 – STANDING A – I can stand as long as I want without pain. B – I have some pain on standing but it does not increase with time.
<ul><li>B - The pain is mild and does not vary much.</li><li>C - The pain comes and goes and is moderate.</li><li>D - The pain is moderate and does not vary much.</li></ul>	B – I have some pain on standing but it does not increase with time.
C - The pain comes and goes and is moderate. D - The pain is moderate and does not vary much.	
D - The pain is moderate and does not vary much.	
	C - I cannot stand for longer than one hour without increasing pain.
F The pain comes and goes and is very severe	D – I cannot stand for longer than $\frac{1}{2}$ hour without increasing pain.
	E - I cannot stand for longer than 10 minutes without increasing pain.
F - The pain is severe and does not vary much.	F – I avoid standing because it increases the pain straight away.
SECTION 2 – PERSONAL CARE	SECTION 7 – SLEEPING
A – I would not have to change my way of washing/dressing in order to	A - I get no pain in bed.
avoid pain.	B - I get pain in bed but it does not prevent me from sleeping well.
B – I do not normally change my way of washing/dressing even though it	C – Because of pain my normal night's sleep is reduced by less than $\frac{1}{4}$ .
causes some pain.	D – Because of pain my normal night's sleep in reduced by less than $\frac{1}{2}$ .
C – Washing and dressing increase the pain but I	E - Because of pain my normal night's sleep in reduced by less than $\frac{3}{4}$ .
manage not to change my way of doing it.	F – Pain prevents me from sleeping at all.
D – Washing and dressing increase the pain and I	
find it necessary to change my way of doing it.	
E – Because of the pain I am unable to do some washing dressing without	
help. E Because of the pain I am unable to do any washing	
F - Because of the pain I am unable to do any washing and dressing without help.	
SECTION 3 – LIFTING	SECTION 8 – SOCIAL LIFE
A – I can lift heavy weights without extra pain.	A – My social life is normal and gives me no pain.
B - I can lift heavy weights without extra pain.	B - My social life is normal but increases the degree of pain.
C - Pain prevents me from lifting heavy weights off the floor.	C - Pain has no significant effect on my social life apart from limiting my
D - Pain prevents me from lifting heavy weights off the floor,	more energetic interests, e.g. dancing, etc.
but I manage if they are conveniently positioned (e.g. on	D - Pain has restricted my social life and I do not go out very often.
a table).	E - Pain has restricted my social life to my home.
E – Pain prevents me from lifting heavy weights but I	F – I have hardly any social life because of the pain.
can manage light to medium weights if they are	
conveniently positioned.	
F – I can only lift very light weights at the most.	
SECTION 4 – WALKING	SECTION 8 – TRAVELING
A – I have no pain on walking.	A – I get no pain while traveling.
B – I have some pain walking but it does increase with distance.	B – I get some pain while traveling but none of my usual forms of travel
C – I cannot walk more than one mile without increasing pain.	make it any worse.
D – I cannot walk more than 1/2 mile without increasing pain.	C – I get extra pain while traveling but it does not compel me to seek
$E - I$ cannot walk more than $\frac{1}{4}$ mile without increasing pain.	alternative forms of travel.
F – I cannot walk at all without increasing pain.	D - I get extra pain while traveling which compels me to seek alternative
	forms of travel.
	E – Pain restricts all forms of travel.
	F – Pain prevents all forms of travel except that done lying down.
SECTION 5 – SITTING	SECTION 10 – CHANGING DEGREE OF PAIN
A - I can sit in any chair as long as I like.	A – My pain is rapidly getting better.
B – I can only sit in my favorite chair as long as I like.	B – My pain fluctuated but overall is definitely getting better.
C – Pain prevents me from sitting more than one hour.	C – My pain seems to be getting better but improvement is slow at present.
D – Pain prevents me from sitting more that half hour.	D – My pain is neither getting better nor worse.
F – I avoid sitting because it increases pain straight away.	F – My pain is rapidly worsening.
